

ALOVA VISCOELASTIC FOAM (OVERLAY) MATTRESS

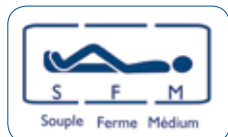

VISCOELASTIC FOAM OVERLAY OR MATTRESS ADAPTED TO YOUR NEEDS

- **Performance:** maximum reduction of pressure levels through bearing capacity adapted to each area of the body.
- **Safety:** mattress with stabilising edges for sitting during "bed to chair" transfers.
- **Ergonomic:** easy-to-move overlay mattress.
- **Economical:** interchangeable parts.
- **Comfort:** soft feel and gentle support for body movement.

ALOVA™ (Overlay) Mattress in 3 Parts: 3 versions

- Triple-bearing capacity
- 2 covers to choose from depending on the purpose.
- 3 zones

The firm lateral edges provide good stability for getting up and facilitate transfers.

PEDIA COMFORT

Silicone-coated fabric - a hypo-allergenic neutral material.
Soft viscoelastic weight bearing layers for children between 3 and 5 years old.
Medium viscoelastic weight bearing layers for children between 6 and 12 years old.

OVERLAY MATTRESS

Ergonomic for a rapid evolution of support.
